

# Circle Timer

It adds a circle timer into slider. This control only works in modern browsers.  
css class name: "ms-ctimer"

## Options:

Name	Default Value	Description
autohide	true	Whether the control hides when mouse leaves the slider.
overVideo	true	Whether the control visible over slide video while playing.
color	"#A2A2A2"	Specifies the color of circle timer.
radius	4	Specifies the radius of circle timer in pixels.
stroke	10	Specifies the stroke of circle timer in pixels.
hideUnder	null	Hides the control if width of slider comes less than specified.

## Example:

```
var slider = new MasterSlider();
slider.setup('masterslider' , {width:800, height:350});
slider.control('thumblist' , {autohide:false , dir:"v"});
slider.control('circltimer' , {color:"#FFDD00" , stroke:20});
```
