

Slide Misc. options

Here you can add a custom CSS class or ID to each slide and also add alt attribute to slide background image and more, as described below.

Option	Description
Class name	Adds a CSS class to the slide.
CSS ID	Adds a CSS ID to slide.
Background color	Adds color to slide background.
Alt text	Adds an alt text attribute to the image in slide background.
Color overlay	Adds color overlay to the slide.
Pattern overlay	Adds pattern overlay to the slide.

The figure below shows these options on Master Slider panel.

The screenshot shows the 'Misc' tab in the Master Slider panel. The panel has a dark header with tabs: Background, Video Background, Video and Link, Slide Info, and Misc. The 'Misc' tab is active. Below the tabs, there are three sections of options:

- Custom class name and id for slide element:** This section contains two text input fields. The first is labeled 'Class name:' and the second is labeled 'CSS id:'.
- Background color and slide background alt text:** This section contains a 'Background color:' dropdown menu with a color selection icon (a square with a diagonal line) and an 'Alt text:' text input field.
- Slide color and pattern overlay:** This section contains a 'Color overlay:' dropdown menu with a green color selection icon and a 'Pattern overlay:' dropdown menu with a pattern selection icon (a square with a zigzag pattern).
